

**BRENTWOOD SCHOOL
DISTRICT**

2009-2010 BUDGET

Budget Message

A school budget is a working document that will be revised several times during the school year to reflect changes in revenue and expenditures. Attached you will find the 2009-10 budget. This document was prepared by the administration to reflect the most current financial information available. Included in this message are the processes and procedures used to develop the district's budget. This information provides background material for relatively new members to the Board of Education and a review for veteran members.

Steps in the process

The process begins in December when the building principals and program supervisors prepare budget requests for the following year to support the planned educational activities under their level of responsibility. These requests are forwarded to the central office by mid-January for data entry and initial administrative review in early February.

During the February/March period, central office personnel review the budget requests, seek clarification where necessary and make adjustments as appropriate. The focus of this review is to provide students with the best educational programs and opportunities to meet the Vision for the 21st Century established by the Board of Education.

The next phase of this process requires the development of revenue projections for the 2009-10 fiscal year. This study occurs during the February/March period. Revenue projections are based on estimated receipts for the July 1, 2009 through June 30, 2010 time period.

Also, during this timeframe, the administration makes a projected estimate of the cash balance on June 30, 2009. While the board approved annual budget authorizes a level of expenditures, an administrative goal is to maintain expenditures below the authorized amounts. Projecting estimates of the current year's final expenditures is one factor required to determine the available revenues for the 2009-10 budget. The second factor is an analysis of revenue received vs. revenue budgeted. These two factors provide the basis for the estimated cash balances used in developing a projected budget.

A third activity receiving administrative review during the February/March period is a detailed analysis of proposed expenditures. Included in this analysis are requests for staffing. Such requests are carefully reviewed by the administrative team and become a part of the hiring recommendations the board must act on during the March closed board session. Additionally, items for analysis include capital project needs, and NTB issues.

Finally, all budget requests and revenue sources are reviewed (line-by-line) to ensure the best expenditure of district funds in keeping with the mission of preparing all students for the future.

Revisions of specific line items may occur from the time the requests are made in December until the final approval of the board in June. Development of a budget is an inclusive process involving all the administrative team and input from other key personnel.

The final proposed budget will be presented in June at the public hearing scheduled for June 30, 2009. At the conclusion of this public review, the 2009-10 budget is adopted by the board.

Revenue projections for the 2009-10 budget are based on a set of assumptions. These

assumptions include:

- expectation of a 3.5% decrease in assessed valuation on real property for the next year with a CPI of 1.1%;
- collection of local revenue at a historical pattern of receipts;
- state funding at the same level; increase in federal funding due to stimulus money for Title I, and an increase in VICC funding; and
- cash balances better than the authorized budget level for the close of the current school year.

With these assumptions in mind, we will review the revenue expectations for the coming school year.

Revenue Resources

Local monies represent approximately 92.2% of the district's revenue. This revenue is determined largely by the assessed valuation of real and personal property. The Incentive Aid revenue for the desegregation program (approximately 10.99% of the budget) is based on our per pupil cost and the number of students enrolled. The per pupil reimbursement has been increased to approximately \$9,100 per student. This will have a positive impact on the revenue received by the District. The assessed valuation figure is reported by the St. Louis County Assessor's office as of December 31, 2008. This amount was \$282,667,920 (after reduction for Promenade at Brentwood TIF and Brentwood Square TIF) or a 3.5% decrease over the December, 2007 figure.

State, federal and county revenues (which historically make up about 4.66% of the district's resources) received have slightly increased. The remaining state funds are generally guaranteed amounts. Federal funds (1.43% of our budget) have slightly increased from the prior year.

The next step in the budget process is the calculation of the cash reserves expected at the close of this school year. Cash reserves are calculated both in real dollars and as a percentage which is based on the amount of cash on-hand in the Incidental, Teacher and Capital Projects funds (as of June 30th of the current budget year) against the current year's expenditures. The Department of Elementary and Secondary Education uses the percentage method to calculate a district's relative financial security. Below a 3% reserve is considered a danger signal. The recent history of this barometer of the district's financial health reflects the following:

1991-92 Actual	12.0%
1992-93 Actual	17.4%
1993-94 Actual	22.1%
1994-95 Actual*	25.2%
1995-96 Actual*	31.9%
1996-97 Actual*	32.6%
1997-98 Actual*	38.3%
1998-99 Actual	39.6%
1999-00 Actual	42.9%
2000-01 Actual**	39.2%
2001-02 Actual**	31.07%
2002-03 Actual**	22.0%
2003-04 Actual**	34.3%
2004-05 Actual**	40.3%
2005-06 Actual**	36.06%
2006-07 Actual**	27.40%

2007-08 Actual**	28.92%
2008-09 Estimated**	44.06% (Includes 13.87% of voter approved
2009-10 Projected**	29.31% bond revenue)

*without Frazier school building sale proceeds included

**These percentages are comprised of Funds 1, 2 and 4 (no debt service)

The revenue estimate represents an optimistic expectation of revenue collections plus a continued effort to hold down expenditures for the remainder of this year.

Expenditures

Once revenues have been determined, attention is focused on projected expenditures required to maintain the programs and visions for the 21st century. These expenditures are budgeted using the following funds: Incidental, Teachers, Debt Service and Capital Projects.

INCIDENTAL FUND

The Incidental Fund expenses cover a wide-range of needs. Supplies, curriculum materials, extra-curricular programs, staff development programs, support staff salaries, benefits for all staff, operation of the facilities, food service, school board and administrative expenses are the major categories covered in this segment of the budget.

TEACHERS FUND

The second major expenditure is the Teachers Fund. This budget is based on a teaching staff of 82 teaching positions.

DEBT SERVICE

This fund is established to pay off the \$6 million bond issue authorized by the voters in April, 2000 and the \$6 million bond issue authorized by the voters in November, 2008.

CAPITAL PROJECTS FUND

The final category under expenditures is the Capital Projects Fund. This fund supports building improvements and instructional equipment purchases for the new lease purchase agreement in the amount of \$220,275. Instructional equipment expenditures are projected at \$40,680.

A portion of the Capital Projects fund includes expenditures for the district's Technology Plan for hardware leasing, etc. There is also a portion of expenditures included in the Incidental Fund for training/software/supplies. The total budgeted for technology is \$292,962.

Summary

First, let me share a brief note about the organization of the budget. The budget format presents a three-year history. This history illustrates 2007-08 *actual* revenue and expenditures, 2008-09 *authorized* revenue and expenditures and 2009-10 *projected* revenue and expenditures.

In addition to the *Budget Message*, Section 1 contains the overall budget for the district. It follows the three-year format outlined above and includes the estimated revenues and recommended expenditures for all funds. The account numbers used in this section are organized by the specific fund (Incidental, Teachers, Debt Service and Capital Projects) and correspond to the numbers used by the Department of Elementary and Secondary Education to monitor the school districts' activities.

This budget reflects expenditures that will exceed revenues in the amount of \$1,984,681 due to bond proceeds received in 2008-09 being spent in 2009-10. The budget anticipates a cash balance on June 30, 2010 of \$5,254,736.

The 2009-10 budget was developed to address the following goals:

- * Begin the first year of eMINTS training for two social studies teachers at the Middle School
- * Initiate the Brentwood BEST technology training program for interested district teachers.
- * Add a kindergarten teacher at McGrath and a Spanish teacher at the elementary schools.
- * Implement the first year of the new technology plan
- * Fund elementary, middle and high school summer academic programs
- * Fund the curriculum revisions process
- * Fund a 1% base salary increase for certified staff and a 4.5% average increase for classified staff
- * Fund insurance and retirement benefits for certified and classified staff
- * Begin a window replacement project at Mark Twain Elementary
- * Install a new drainage system at McGrath Elementary
- * Purchase materials and supplies to support curriculum changes in the communication arts and counseling programs
- * Paint specified classrooms at all building locations
- * Replace the kindergarten playground fence
- * Tuck point high school entrance area
- * Replace flooring in high school nurse's office
- * Replace lintels at Mark Twain Elementary

The Central Office staff and especially the accounting department are to be commended for their assistance in this process. Their dedication and expertise are deeply appreciated.
